Day 2 Gonarezhou: The Place of elephants

Early departure is necessary for the fairly long drive to Chilo Lodge, bordering Gonarezhou National Park in the South Eastern Lowveld. "The place of Elephants" is a hidden gem. It is relatively unknown, though it is easily accessible by tarred roads. Gonarezhou is a vast National park which is crossed by the Save, Runde and Mwenezi rivers. There is superb wildlife to be found in a typical riverine bush environment.

Includes: dinner and afternoon activity

Day 3 Gonarezhou: Pristine Wilderness

Any journey into the heart of Gonarezhou begins with the realisation that this is wild country. It is one of Africa's last remaining pristine wildernesses and we are all privileged to be a visitor here. The animals are in their most natural state at Gonarezhou. This is a country of red sandstone, thorny scrub and baobabs. Buffalo gather at watering holes, big cats prowl silently in pursuit of painted impala, hippo wallow midstream attended by squadrons of fluttering birds. The presence of elephants is everywhere. A panorama of birdlife gathers at Tembahata and Machanu Water Pans. Weather exhilarating game drives through the park, excursions to the epic Chilojo Cliffs, or a day spent bird watching, there is a wide range of

activities to suit every guest. When the day is done and you've enjoyed sundowners on the Save River, sleep will come easy. You know when you wake, it will be there waiting for you, all over again.

As the water cascades over age-old rocks, take in the sights and satisfy your thirst with some well-deserved refreshments.

As the sun sets on a day filled with exciting game drives, the island presents an ideal setting in which to relax and unwind. The drive to Matopos National Park from Bulawayo centre takes about 45 minutes.

Once you have seen the landscapes in Matopos you will understand why John Cecil Rhodes wanted to be buried in its granite rocks. Worlds View offers views you have never seen before. Another must is to go on foot, with a guide, to trace the White Rhino. It is as exciting as looking for gold or diamonds. Experiencing the expertise and passion of the local guides simply adds joy and awe to your memories. The rock paintings tell you stories of the far behind past. Chobe is surely the best place in Africa to see elephants, particularly in the water. Individual herds sometimes number in the hundreds and there are an estimated 120,000 elephants in total in the park. There are equally large herds of buffalo to be found. In fact, both can often be seen outside the park boundaries wandering around the outskirts of Kasane itself, unperturbed by traffic or people. The park also offers great lion and leopard sightings, while the river has an unbelievable abundance of hippos and crocodiles and an almost inconceivable wealth of birdlife, including a number of particularly rare species that are highly sought after by top wildlife photographers. This is just a small glimpse of what Chobe has to offer.

A trip to Chobe is not complete without a boat trip on the beautiful river itself. Floating along this incredible body of water allows you to see most of the park's interesting wildlife and birdlife from a completely different perspective. Aside from the allure for birders, being on the river is the best place for budding photographers to take spectacular images of the vast herds of elephants on the river's lush green banks and islands or even crossing the river. The river also lends itself to iconic images of the African sky at sunset, and to a nice cold sundowner or two as you take in all the wonders of this unique and rich region.

Money

In Zimbabwe cash can be withdrawn with a Visa and/or Master card at most ATM's. In all cities you can withdraw cash. In Zimbabwe it is not common to pay with your credit card in shops and restaurants. The currency used is USD. It is best to take your money in a combination of cash USD and credit card. Carry enough cash (USD) from your home country, in small denominations, it will make your journey much easier.

Medical

Private medical facilities in Zimbabwe, are sufficient for all first aid and common problems. Travellers requiring medical assistance calling for a blood transfusion, or who suffer any serious illness, or who are involved in an accident may require medical evacuation to South Africa. Excellent facilities are therefore one and a half hours flying away. Ensure that you have adequate travel insurance, including medical air evacuation, for the duration of your stay, and be sure to verify which circumstances and activities are excluded from your policy. Almost all medical services, such as doctors, hospitals and air ambulance medical evacuation, must be paid for in cash, as overseas medical insurance payments are not everywhere accepted. An overseas credit card will be very useful. Drink only bottled water which is everywhere available. In Zimbabwe there is a risk of malaria in certain areas and/or during a certain time of the year. December to April are most risky in the lower areas of the country. In the dry season months July to October, malaria hardly occurs. You will need to take prescription medicine before, during, and after your trip to prevent malaria. Your doctor can help you decide which medicine is right for you. Protect yourself from mosquito bites. This includes covering up, using insect repellent.

In Zimbabwe no cases of Ebola have been reported. Ebola occurs in the Western part of Africa, a distance from Harare as far as from Amsterdam to New York. Health authorities in Zimbabwe have taken precautionary measures, in line with WHO standards.

Safety

Zimbabwe is generally a safe country to travel. Street crime, such as pick pocketing and bag snatching happens. Ensure that your personal belongings and travel documents are secure, particularly in crowded places, and carry a photocopy of your passport. Remain vigilant, avoid travelling alone and avoid walking after dark. Photography of people is generally no problem. Photography near government offices, airports, military establishments, in addition to other

sensitive facilities, is prohibited. Laws are strictly enforced, and all restrictions should be observed. If in doubt, do not take a picture.

Visa Requirements

Passport must be valid for the period of your stay. Make sure there are some extra available pages in your passport. For most nationalities a tourist Visa can be obtained on arrival at a fee of between USD 30 and USD 70 payable in cash. The visa is valid for a maximum of 1 month. Keep the address of your first hotel at hand as you need to enter this on your entry form. . For more information on visa requirements, check the following website: <http://www.zimimmigration.gov.zw/index.php/visa-regime>.

Disclaimer: It is your responsibility to make sure all the necessary visa and health requirements are fulfilled. We will advise you to the best of our ability but cannot be held responsible for any omissions in terms of visa and health requirements.

Preparing for your tour

Equipment you need a torch, water bottle, sunhat/sunscreen and insect repellent. Binoculars are a must for your game drives.

Footwear Comfortable shoes (or good walking boots if planning to hike), trainers or sandals for relaxing/travelling.

During winter (July) we recommend you bring plenty of warm clothing, as temperatures can drop significantly. During spring (September to November) temperatures can drop in the evening, during the day you need a hat and sunscreen to protect you against the strong sun.

Swimming pools can be cold in the winter months as they are outside and not heated.
