Depending on your time of arrival there may be some time to visit Harare. It has some interesting historical sites like the Parliament Building in the centre, the so-called Kopje, from which you have a magnificent view over the city. The Botanical gardens are beautiful during any time of the year. The Domboshava rock paintings are well known for its quality and its stunning surroundings. There are various markets and shopping centres to be visited.

Harare has a vibrant night life with life performances of all sorts of art forms (music, arts, theatre).

### Day 2 Masvingo: Mysteries of the Great Zimbabwe Ruins

After breakfast you depart for Masvingo, the home of the famous Great Zimbabwe Ruins. The drive is about 350 km, and takes about 4 to 5 hours, on a quiet road with great landscapes.

Zimbabwe – meaning big house made of stone – derived its name from the massive stonewalls found at Great Zimbabwe. Historians and archaeologists are still excited about this place. The ruins are surrounded by unanswered questions: Who built them? Where are the graves of the deceased leaders? Why was it abandoned? We advise you to take at least 2 to 3 hours for your visit, guided by one of the excellent local guides.

Overnight in a hotel near the ruins.

**Includes:** bed and breakfast

**Excludes:** all other meals, entrance fees to the ruins and guiding fees (about USD 15 in total)

### Day 3 Matopos National Park: City of Kings & Balancing Rocks

You depart for Bulawayo, the second city of Zimbabwe; a drive of about 4 to 5 hours. You can do a short walk in the city centre, which has a great variety of historical buildings, one of them the

famous national gallery. A visit to the Natural History Museum is an attractive option. The drive to Matopos National Park from Bulawayo centre takes about 45 minutes.

Once you have seen the landscapes in Matopos you will understand why John Cecil Rhodes wanted to be buried in its granite rocks. Worlds View offers views you have never seen before. Another must is to go on foot, with a guide, to trace the White Rhino. It is as exciting as looking for gold or diamonds. Experiencing the expertise and passion of the local guides simply adds joy and awe to your memories. The rock paintings tell you stories of the far behind past. Overnight in a stunning lodge, just a short distance from the park. Built on a granite dome, surrounded by a theatre of tumbling rocks and kopjes with magnificent views.

The standard of professional guiding in Zimbabwe is very high. Full of passion and knowledgeable about every living thing: wildlife, insects, grasses, flowers and birds. With their guidance you may encounter elephant, buffalo, sable antelope, lion, wild dog and with some luck the leopard. But don't be surprised to spend 15 exciting minutes near an ant-hill to hear the amazing story of what's going on inside!

Chobe is surely the best place in Africa to see elephants, particularly in the water. Individual herds sometimes number in the hundreds and there are an estimated 120,000 elephants in total in the park. There are equally large herds of buffalo to be found. In fact, both can often be seen outside the

park boundaries wandering around the outskirts of Kasane itself, unperturbed by traffic or people. The park also offers great lion and leopard sightings, while the river has an unbelievable abundance of hippos and crocodiles and an almost inconceivable wealth of birdlife, including a number of particularly rare species that are highly sought after by top wildlife photographers. This is just a small glimpse of what Chobe has to offer.

A trip to Chobe is not complete without a boat trip on the beautiful river itself. Floating along this incredible body of water allows you to see most of the park's interesting wildlife and birdlife from a completely different perspective. Aside from the allure for birders, being on the river is the best place for budding photographers to take spectacular images of the vast herds of elephants on the river's lush green banks and islands or even crossing the river. The river also lends itself to iconic images of the African sky at sunset, and to a nice cold sundowner or two as you take in all the wonders of this unique and rich region.

You will be booked on a bed and breakfast rate. At the lodge you can book a variety of activities, including game drives and boat cruises. The lodge has restaurant facilities offering a variety of menus.

You will also need to ensure your travel policy covers you for all activities you intend to do whilst on tour.

## Money

In Zimbabwe cash can be withdrawn with a Visa and/or Master card at most ATM's. In all cities you can withdraw cash. In Zimbabwe it is not common to pay with your credit card in shops and restaurants. The currency used is USD. It is best to take your money in a combination of cash USD and credit card. Carry enough cash (US\$) from your home country, in small denominations, it will make your journey much easier.

## Medical

Private medical facilities in Zimbabwe, are sufficient for all first aid and common problems. Travellers requiring medical assistance calling for a blood transfusion, or who suffer any serious illness, or who are involved in an accident may require medical evacuation to South Africa. Excellent facilities are therefore one and a half hours flying away. Ensure that you have adequate travel insurance, including medical air evacuation, for the duration of your stay, and be sure to verify which circumstances and activities are excluded from your policy. Almost all medical services, such as doctors, hospitals and air ambulance medical evacuation, must be paid for in cash, as overseas medical insurance payments are not everywhere accepted. An overseas credit card will be very useful. Drink only bottled water which is everywhere available. In Zimbabwe there is a risk of malaria in certain areas and/or during a certain time of the year. December to April are most risky in the lower areas of the country. In the dry season months July to October, malaria hardly occurs. You will need to take prescription medicine before, during, and after your trip to prevent malaria. Your doctor can help you decide which medicine is right for you. Protect yourself from mosquito bites. This includes covering up, using insect repellent.

In Zimbabwe no cases of Ebola have been reported. Ebola occurs in the Western part of Africa, a distance from Harare as far as from Amsterdam to New York. Health authorities in Zimbabwe have taken precautionary measures, in line with WHO standards.

## Safety

Zimbabwe is generally a safe country to travel. Street crime, such as pick pocketing and bag snatching happens. Ensure that your personal belongings and travel documents are secure, particularly in crowded places, and carry a photocopy of your passport. Remain vigilant, avoid travelling alone and avoid walking after dark. Photography of people is generally no problem. Photography near government offices, airports, military establishments, in addition to other sensitive facilities, is prohibited. Laws are strictly enforced, and all restrictions should be observed. If in doubt, do not take a picture.

## Visa Requirements

Passport must be valid for the period of your stay. Make sure there are some extra available pages in your passport. For most nationalities a tourist Visa can be obtained on arrival at a fee of between US\$30 and US \$70 payable in cash. The visa is valid for a maximum of 1 month. Keep the address of your first hotel at hand as you need to enter this on your entry form. . For more information on visa requirements, check the following website: <http://www.zimimmigration.gov.zw/index.php/visa-regime>.

**Disclaimer:** It is your responsibility to make sure all the necessary visa and health requirements are fulfilled. We will advise you to the best of our ability but cannot be held responsible for any omissions in terms of visa and health requirements.

## Preparing for your tour

**Climate** The climate is tropical, although markedly moderated by altitude. There is a dry season, including a short cool season during the period May to September when the whole country has very little rain. The rainy season is typically a time of heavy rainfall from November to March

**Equipment** you need a torch, water bottle, sunhat/sunscreen and insect repellent. Binoculars are a must for your game drives.

**Footwear** Comfortable shoes (or good walking boots if planning to hike), trainers or sandals for relaxing/travelling.

**Clothing** should generally be lightweight for the day. Also take a fleece, long trousers, and a waterproof and windproof jacket. During winter (July) we recommend you bring plenty of warm clothing, as temperatures can drop significantly. During spring (September to November) temperatures can drop in the evening, during the day you need a hat and sunscreen to protect you against the strong sun.

**Swimming** pools can be cold in the winter months as they are outside and not heated.

**Luggage.** On tour take a soft bag or suitcase. Also take a daypack for items needed during any walks or sightseeing. Check with your airline the maximum weight of luggage allowed. Generally the limit is 23 kg.

## **Electric Supply & Plugs 3 Pin Square (UK)**

**Mobile phone:** It is possible to buy a sim card, it is best to do that on arrival at the airport at TelOne. Econet is also possible but there you need to submit your address (proof of residence) to buy your sim card. Roaming on your own sim card is possible but generally expensive. Note that not everywhere in Zimbabwe there is signal for your mobile to work. Especially in game parks, do not expect a signal.
